

Nike Zoom Rookie LWP Galaxy Glow Pictures 2013-12-08 22:24:59

Before we introduce the Galaxy had two different color Nike Zoom Rookie LWP spy photos, both color difference is the Milky Way Galaxy version round the block a shoe body is black ordinary material, and to a Galaxy circular block version of the shoe body use luminous material, but before we bring through circular block using ordinary materials Nike Zoom Rookie LWP related information, let us consider the degree of circular block using luminous material version has been aborted, and the recent exposure of the network but this upper circular block using luminous material versions of detailed pictures, so it seems the Galaxy color Nike Zoom Rookie LWP sale was originally scheduled for September would be There may be two different versions, and certainly not the discharge Nike eventually abandon one of the versions of commercially available, for more information and we will continue to focus.

Supra also play a joint BKRW x Supra Skytop 3 2013-12-08 22:33:45 US footwear brand Supra After several years of unremitting efforts, gradually became a line of fashion brands, brands increasing their influence at the same time, there will be many different brands or groups seeking its cooperation.

Recently, Supra will design units BKRW cooperation with France, classic Skytop 3 for the design blueprint, the use of patent leather uppers mixed ostrich and horse hair to create the triple combination, very texture. And the color are black building, full of an "black soul" feel. Details of the shoe lined with leather cover, ensure a more excellent foot feeling, and in the heel position adds a pull ring, so as to be detachable and equipped with a luxury shoe and a wooden shoe tree, valuable collections. This shoe design is also fully embodies the Supra brand has been gradually transition from a skateboard brand has become a high-end fashion brands. running shoes, tailor, a combination of seemingly irrelevant, in the hands of the Japanese designer Junya Watanabe has become accustomed to things, but running shoes NEW BALANCE family and Junya Watanabe also become a long-term friendly and cooperative partnership lines, For several years it is frequently teamed topic after another. Since early last month, Bo Friends will be issued one on the Junya Watanabe again with New Balance's message on blogspot, one pair of Junya Watanabe x New Balance's new M1400 also will be exposed. But that did not send double-released officially on sale and co-edition M1400, as early as some time ago has been out & quot; factory goods & quot; and the shelves of trafficking (in the end is not yet law confirm what goods), the price is to create a version of the low cooperation, detailed The available information to be published in the future, interested friends may wish to continue to track attention.

To be honest, I have been all of AJ 2 is not very concerned, because from ancient AJ shoes, whether it is from the classic story level or sale price, behind it, there are many positive generation of shoes can replace AJ AJ 2 position. But recently, a very chance on me feet AJ 2, tell the truth the first time the whole palm Air Sole feel so comfortable, so the focus of recent attention that I have overlooked this pair of shoes. This double Richardson AJ 2PE shoes, then the effectiveness of the New York Knicks are the works when, as in those years the league will buckle rare, Richardson signature endurance and Tomahawk dunk, all worthy of his number "23", but soon after he was many talented deduction will have replaced the foot of the sneaker naturally will not get much attention, but this pair of shoes then we ignore or appeared in the recent eBay in the sale, do not want to make their collections cabinet regret it, go try it!
